INFRARED SAUNA

APOLLON

RETAINS ITS NATURAL LOOK

The Apollon sauna range has a natural classic design in Canadian spruce. Its ergonomics are emphasised by exterior light fittings.

This range is equipped with 100% carbon panels that diffuse longwave IR rays.

The infrared panels have been positioned for optimum effect on the walls, round the benches and on the floor so as to spread a gentle, pleasant heat even under the arches of the feet and behind the calves.

LUXE

HIGH QUALITY PRECIOUS WOOD

The Luxe sauna range has been designed in Canada red cedar, a species of wood that is both durable and precious; it gives your sauna a natural woody fragrance. This high-grade wood is also extremely hard-wearing over time and will keep your sauna looking attractive year after year.

This range is equipped with 100% carbon panels that diffuse longwave IR rays. The infrared panels have been positioned for optimum effect on the walls, round the benches and on the floor so as to spread a gentle, pleasant heat even under the arches of the feet and behind the calves.

ZEN

TRADITIONAL FINNISH SAUNA

Traditional Finnish sauna cabin

The Zen steam sauna range provides all the benefits of the traditional Finnish sauna. Made from Canada spruce of certified origin, they have the simple yet elegant look of traditional saunas.

Each Zen steam sauna has its Harvia Vega stove (single or three phase depending on the model) guaranteed for 2 years, and 20kg of lava stones to ensure a rapid and effective rise in temperature.

The system of snap-on panels makes Zen sauna cabins very easy to assemble.
